

DX Solution for Japanese Sake Import/Export

J's Marketplace

Reefer Container Sharing Service

Are there challenges or difficulties in small-lot transport of Japanese sake?

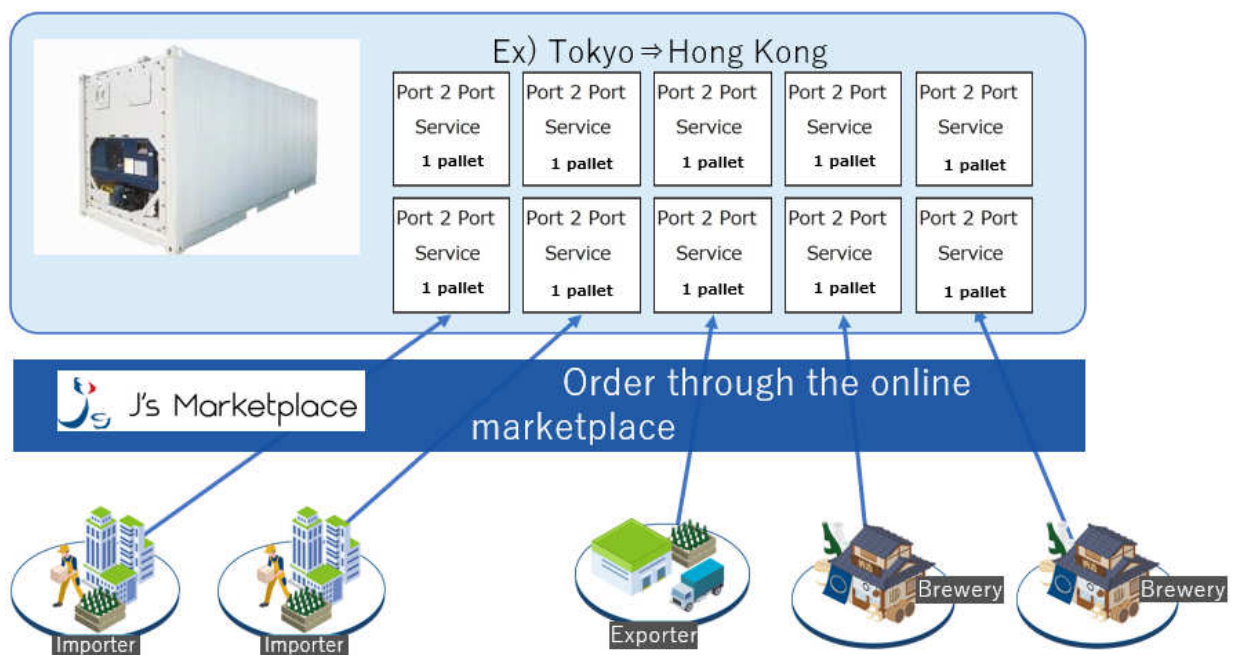

- Need to transport premium sake without quality deterioration
- Not enough bottles to be loaded to a full reefer container
- Air transport is too expensive
- Reefer less-than container load(LCL) services are hardly ever available in the market

⇒ **Our Reefer Container Sharing Service can realize small-lot sake transport!**

Overview of J's Marketplace Reefer Container Sharing Service

- ✓ Reefer container divided into 10 pallet compartments and sold by each pallet unit
- ✓ Easy transport ordering on online marketplace
- ✓ Fees include ocean freight, export and import customs clearance, insurance and local warehousing(2 weeks)

Foresight in sight

Prices To Hong Kong

(#There is a possibility that this price may fluctuate in the future)

Number of pallets for sale(planned) To Hong Kong 10 pallets (ETD: the early September)

Conditions of sales

- Participation in J's Marketplace
 - Both importers and exporters are required to participate in J's Marketplace trial. No system usage fee during the trial.
 - Importers are required to order products and transport through J's Marketplace.
- Transport
 - This transport service shall be contracted with Nissin Corporation("Nissin").
 - The cargo must be transported from the brewery to the warehouse in Japan specified by Nissin by the specified date.
 - Each company shall pick up the goods on pallets at each destination side.
 - The schedule is subject to change or to be delayed due to vessel bookings or various circumstances.
- Price details
 - ¥88,000 is a special price for first trial only.
 - The number of pallets purchased is limited to 3 pallets per order per customer.
 - ¥88,000 includes ocean freight costs, export customs clearance fees, insurance costs, import customs clearance fees and local warehouse storage fees.
 - The maximum number of cases loaded per pallet may be restricted.
*Maximum assumption: approximately 36 cases (720 ml x 12 bottles).
 - Japanese consumption tax will be charged separately for costs in Japan.
- Request for interviews
 - After the 1st trial, we would like to ask you to answer a survey in order to improve our services.

What is J's Marketplace?

Online marketplace platform helping simplify and facilitate your sake trade

- ◆ Transact easily and directly with many breweries without communication errors
- ◆ Reduce lead time for importing
- ◆ Reduce operational mistakes
- ◆ Find new business partners
